Subject: case number EB-20140039

As retirees my wife and I would like to lodge a complaint with regards to case EB-20140039 the approval of the Enbridge Gas rate hike of 40%.
I cannot believe that a board who is supposed to be looking after our interests would allow such a thing to happen.
Please send me information or data that you have collected from the Enbridge request to justify this 40% increase.
As a retiree I'm very concerned that increases such as this would even be considered, even if they would be for a short period.
