Ontario Energy Board

I just wanted to register that I'm very unhappy with the raising of our natural gas by 40%.  
We are paying about \$1000.00 or more at present a month for gas, a 40% increase would have us paying another \$400.00 plus taxes monthly and already it is very difficult to pay our bill.  
Our business is 126 years old and covers 4 generations you are hurting us with this increase in a time where business in the Falls is already difficult because of our poor economy here.  
Please register my complaint twice as I'm also a home owner in Niagara falls, on 7338 Green Boughs road, L2J-4C2, and Dobbie's Florist 5144 Victoria Ave  
Niagara Falls, On L2E-4E3

Thank you.
