Mr. William Warner

Dear Mr. Warner:

Thank you for submitting a letter of comment to the Board regarding the Natural Resource Gas Limited Quarterly Rate Adjustment Application, EB-2014-0053.

The decision issued by the Ontario Energy Board on April 1, 2014 was not a final decision, and the amount that Natural Resource Gas will charge its customers for gas purchased during the 2013 – 2014 winter is still being considered by the Board. Your letter will become part of the public record of the application, but your personal contact information will be removed.

Your letter will be provided directly to the panel of Board members who will be deciding whether the application is approved. The panel will consider your comments in reaching their decision. The applicant may also respond to your letter. You will receive a copy of the Board's final decision when it is released.

In reaching its decision, the panel will only be able to consider comments which relate to issues which are within the authority of the Board and relevant to the issues being considered by the panel.

Yours truly,
