Hello Ms. Metras,

Please see the OEB web page on [Participating in a Hearing](#), in particular the following section which applies to the Letter of Comment that you submitted

concerning EB-2014-0139:

1. Send a Letter with your Comments to the Board

If you wish to comment on the proceeding, you may submit a letter of comment. The letter of comment will be considered by the Board members deciding the application. Unless the notice states otherwise, your letter of comment must be received by the Board no later than **30 days** after the publication or service date of the notice for the application. Please reference the Board file number for the application in the subject line of your email or at the top of your letter. You must also provide your name, postal address and telephone number and, if available, an email address and fax number. The Board accepts letters of comment by either post or email at the addresses below. All letters of comment sent to the Board are placed on the public record. This means the letters can be seen at our offices and will be placed on our website. Before the letter of comment is placed on the public record, all personal (i.e. not business) contact information is removed, such as the individual's address, fax and phone numbers, and email address. The individual's name and the content of the letter will become part of the public record.

Your letter will be provided directly to the panel of Board members who will be deciding whether the application is approved. The panel will consider your comments in reaching their decision. In reaching its decision, the panel will only be able to consider comments which relate to issues which are within the authority of the Board and relevant to the issues being considered by the panel.

If you would like a response from the applicant, please send a copy of your letter directly to the applicant, including your contact information. The Board removes your contact information from your letter for privacy reasons before it is posted to our website.

I wanted to know why you were removing my name and address in my letter to the Board. The letter would anonymous then and I am not sure that is correct going in front of the Board.

I will be submitting pictures with the letter today or tomorrow.

Why do you remove the name etc when submitting a letter to the Board. What good is an anonymous letter?? Please explain!

Thanks
