Dear Ms. Spratt:

**Re: Enbridge Gas Distribution Inc. ("Enbridge")  
Request to Extend Final Monitoring Report  
Durham York Energy Centre Pipeline  
Board File Number EB-2012-0382**

On March 28, 2013, the Board issued its Decision and Order for the above noted proceeding. The Board's Decision and Order included the Conditions of Approval for the project.

In section 3.1 of the Conditions of Approval, the Board required Enbridge to file an Interim Monitoring Report within six months of the in-service date of the project. The Interim Monitoring Report would be due by May 21, 2014.

On April 9, 2014, Enbridge filed a letter stating that due to the extraordinary winter, many of the areas are still affected by winter conditions and road maintenance has impacted the right-of-way next to where Enbridge has seeded and remediated. Due to these conditions, Enbridge has requested an extension to file the Interim Monitoring Report by June 30, 2014.

The Board grants Enbridge's request.

Yours truly,
