**Re: Toronto Hydro-Electric System Limited – Application for an Order pursuant to Section 29 of the Ontario Energy Board Act  
EB-2013-0234 – Request to be granted an observer status**

---

Dear Ms Walli,

I recently joined Cogeco inc. and was made aware of the above mentioned proceeding that is well under way.

Our division Cogeco Data Services inc. has an interest in the terms, conditions and rates related to the attachment of wireless telecommunications devices on the Toronto Hydro-Electric System's utility poles and as such we are seeking the authorization to be granted an observer status in the EB-2013-0234 case. While we understand that the proceeding is well under way, as indicated in the case timetable, we would appreciate to receive all further documents related to this file.

In addition, we may want to file one time comments prior to the closing of the proceedings.

We thank you for considering this late request.

Yours truly,
