Re: Ontario Power Authority (OPA)
OPA 2014 Fees Application
Board File No. EB-2013-0326

Dear Ms. Walli:

I am writing pursuant to the Board's Notice regarding the above proceeding to request intervenor status.

AMPCO's Interest

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to Ontario's large electricity consumers are being addressed. AMPCO's interests relate generally to the interests of consumers with respect to price, adequacy, reliability and quality of electricity service.

In the current application AMPCO is interested in OPA's proposed costs and resulting revenue requirement for the test year as well as the proposed usage fee and other charges.

Costs

We respectfully request that the Board please confirm AMPCO's eligibility for an award of costs in this matter. AMPCO has been granted intervenor cost awards in other OEB proceedings.
