Dear Ms. Walli:

RE: EB-2013-0109 - Draft Rate Order Comments of London Property Management Association

I have reviewed the draft rate order ("DRO") in this proceeding as filed by Union Gas on April 10, 2014 on behalf of the London Property Management Association. I believe the DRO accurately reflects the Board's Decision in this proceeding.

In particular, the movement of net revenues from the earnings sharing calculation to account 179-30 appears to have been done as directed by the Board. The impact of the Board's Decision to reduce the 2011 TRC amount related to the 2011 large industrial customer DSM projects by 25% also appears to have been calculated and allocated correctly.

It is also noted the Union has included interest to the end of June, 2014, as directed by the Board for the planned implementation date of July 1, 2014 as part of the next QRAM application.

Sincerely,

Randy Aiken
