

**EB-2013-0436**

**IN THE MATTER OF** the *Ontario Energy Board Act, 1998*, S.O.1998, c.15, Schedule B;

**AND IN THE MATTER OF** an application by Sky Generation LP. for an electricity generation licence.

By delegation, before: Viive Sawler

**INTERIM DECISION AND ORDER**

**April 22, 2014**

Sky Generation LP filed an application on December 17, 2013 with the Ontario Energy Board under section 60 of the *Ontario Energy Board Act, 1998* for an electricity generation licence. The Board assigned the application file number EB-2013-0436.

As prescribed under section 57 of the Act, all entities generating electricity in the Ontario electricity market are required to hold a licence. The applicant entered into an Asset Purchase agreement for the generation facilities currently owned by Sky Generation Inc. The applicant currently owns and operates the generation facilities under authority of the interim generation licence issued on January 2, 2014 and set to expiry on May 1, 2014. The licence provides that the term may be extended by the Board.

Considering the time required to process an application in accordance with the Board's established practice and procedures, and considering the applicant's need for a licence to own and operate generation facilities, I find that it is in the public interest to make an order extending the term of licence EG-2013-0436 until such time as the electricity generation licence application is determined on a final basis or August 20, 2014,

whichever is earlier. The applicant is reminded that this decision does not constitute a final decision on the application.

**IT IS THEREFORE ORDERED THAT:**

The term of the Sky Generation LP's electricity generation licence EG-2013-0436 is extended until the final determination of the licence application or August 20, 2014, whichever is earlier.

**DATED** at Toronto, **April 22, 2014**

**ONTARIO ENERGY BOARD**
