To Members of the Board:

Please find attached a submission in Word document format supporting those seeking intervenor status regarding File Number: EB-2013-0442 as well as additional comments of concern regarding the application for the determination of the location of distribution facilities within road allowances owned by the municipality, City of Kawartha Lakes.

Please note: It has come to my attention that the property owner of Lots 11 and 12 Concession 6, Manvers Township, City of Kawartha Lakes, whose properties will be affected by construction of the proposed distribution route along Gray Road has not been contacted by the applicant. It is apparent that wpd Canada does have the contact information for this landowner. The landowner received a notice regarding the Environmental Review Tribunal hearing for the Sumac Ridge project in January 2014. These ERT notices were sent to all parties by wpd Canada. However, the landowner, Mr. Hoefelmayer has indicated he has, to date, received NO information regarding this application.

Yours truly  
Jane Zednik
