Subject: EB-2013-0442 - Sumac Ridge Project

Dear Sir,

Gray Road is an unmaintained trail therefore year round access to the transmission line for maintenance and repairs would not be possible and should an emergency occur the public could be in danger.

WPD has demonstrated disregard for the public and its representatives on numerous occasions. One example is issuing a press release on May 22, 2013, without the knowledge of the City of Kawartha Lakes and while the Sumac Ridge project was under review at the Ministry of Environment.

We would ask you to please listen to the majority of the local residents and do not approve the abovementioned application.

Thank you

Patricia Peace
