Rob Barrass
Lead Regulatory Counsel
Toronto Hydro-Electric System Limited
14 Carlton Street
Toronto ON M5B 1K5

Dear Mr. Barrass:

**Re: Toronto Hydro-Electric System Limited (“THESL”)
Board File Numbers EB-2013-0234 and EB-2014-0163**

Further to the Board’s decision on the Motion for Review in EB-2014-0163, THESL re-filed its interrogatory responses (“IR”) on May 6, 2014.

The Board has reviewed those IRs and the redactions are not in accordance with the Board’s oral decision rendered on May 2, 2014. The one change that the Motion for Review panel made to the original panel’s findings is that copies of the agreements between THESL and a wireless-attachment customer requested in Board Staff IR No. 22 will remain confidential. All other findings of the original panel stand.

The following interrogatory responses must be un-redacted and filed with the Board:

- Consumer Council of Canada No.3 and 5; and
- Energy Probe Research Foundation No. 18.

The joint experts’ statement regarding competition issues includes certain areas that have been redacted. THESL must coordinate with the facilitator for the Experts Conference (Mr. Chris Haussmann) and provide a revised version of the joint experts’ statement that un-redacts portions of the joint statement in accordance with the Board’s decision on the Motion for Review.

The un-redacted interrogatories described above and the revised joint statement must be filed with the Board and copied to all parties by 4:45 p.m. on May 12, 2014

Yours truly,
