Dear Mr. O'Hagan,

On May 2nd, 2014, the Board sent you a letter acknowledging receipt of your letter commenting on Enbridge's application regarding its April 1 quarterly adjustment of the commodity prices it is permitted to charge its customers. The letter should have indicated that the time period for further comments was extended to May 12. An earlier date was inadvertently included instead. We apologize for this error.

In reaching its final decision, the panel will consider your original letter of comment and other comments received related to rate mitigation. You will also receive a copy of the Board's final decision when it is released.

Yours truly,

Original Signed By
