Re: Board File Number EB-2014-0154, Request for Intervener Status

Dear Ms. Walli,

E2 Energy Inc. ("E2") wishes to participate as an intervener in the above noted proceeding. E2 is one of Ontario's largest end-use energy consumer purchasing agents and has been requested by several of its clientele to represent their interests in this Board matter. Several of our clients will be affected by the outcome of this proceeding, including, but not limited to the University Group of Southwestern Ontario (UGSWO), other institutional entities and potentially some of our larger Rate 25 industrial consumers as were identified by Union Gas' filings.

Please include E2 on all correspondence and materials related to this proceeding. E2 wishes to submit interrogatories and may also provide submissions for further consideration by the Board. At this time, we support the Board's position to proceed with a written hearing.

Further, E2 intends to seek an award of costs. E2 submits that it believes it is eligible to apply for a cost award based on Section 3.03(a) of the Practice Direction on Cost Awards and requests the Board's determination of such cost eligibility.

Should you have any questions, please contact me directly at (905) 542-2250 x222 or via email at swalker@e2energyinc.com.

Sincerely and respectfully,
