Dear Ms. Walli:

Re: Ontario Power Authority - 2014 Revenue Requirement Submission
Ontario Energy Board File No. EB-2013-0326

The Ontario Power Authority ("OPA") is writing to file updated and new evidence as listed in the table below. The OPA's filing includes evidence for the approval of its proposed Large Renewable Procurement Request for Qualifications ("RFQ") registration fee and an update to the evidence with respect to the Registration Fee Deferral Account. The OPA is also seeking the Board's approval of an interim order on the RFQ registration fee before July 2014.

At this time the OPA is able to file its 2013 Annual Report which provides an overview of the OPA's activities and accomplishments during the fiscal year ending December 31, 2013, and includes the audited financial statements. The audited financial statements show no material change from OPA's evidence filed on March 6, 2014.
