Ms. Kirsten Walli
Board Secretary
Ontario Energy Board

Dear Ms. Walli:

**Re: Natural Resource Gas
Franchise Agreement with City of London
Board File No. EB-2014-0188**

Union Gas Limited ("Union") has become aware that Natural Resource Gas ("NRG") has submitted an application to the Ontario Energy Board seeking approval of a proposed franchise agreement with the City of London.

In its application, NRG indicates that it has an existing franchise agreement with the former Township of Westminster. NRG also notes that it has a Certificate of Public Convenience and Necessity granting it the right to construct works to supply gas in the specific areas within the former Township of Westminster that now make up part of the City of London.

To ensure that the record is clear and complete, the Board should note that Union also has a franchise agreement in place with the City of London (expiring May 25, 2029 per EB-2009-0067) and that Union has a Certificate of Public Convenience and Necessity (EB-2009-0068), dated February 4, 2010, granting Union the right to construct works to supply natural gas within all areas of the City of London excluding those specific areas within the former Township of Westminster covered by the Certificates currently held by NRG (E.B.C. 111 and E.B.C. 119). I have attached a copy of EB-2009-0068 for reference.

Should you have any questions, please do not hesitate to contact me.

Yours truly,
