**Re: Union Gas Limited
2012 Earnings Sharing and Disposition of Deferral & Variance Account
Balances
Board File No. EB-2013-0109**

On May 8, 2014, the Board issued its Decision and Rate Order for Union's 2012 Earnings Sharing and Deferral Account disposition application (EB-2013-0109) (the "Rate Order"). In the Rate Order, the Board directed Union to implement the rate change effective July 1, 2014.

Rate changes arising from the Board's decision in Union's 2014 rates proceeding (EB-2013-0365) were implemented in June. The Board therefore requires Union to file an updated Draft Rate Order (including customer notices) that reflects the rates arising from both the 2012 Earnings Sharing and Deferral Account proceeding (EB-2013-0109) and the 2014 rates proceeding (EB-2013-0365).

The Board hereby directs Union to file the updated Draft Rate Order as soon as practical.

The Board has determined that because the new Draft Rate Order will be a consolidation of two existing Board-approved rate orders, the required update is simply an administrative task. Therefore, the Board will ensure the accuracy of the Draft Rate Order and will not seek comments from the intervenors of record from either the EB-2013-0109 or the EB-2013-0365 proceedings.

The Board will issue a new Final Rate Order once it has completed its review of the updated Draft Rate Order.

Yours truly,
