**Re: Rainy River Resources Ltd.
Application for Leave to Construct Transmission Facilities
Board File No. EB-2014-0014**

This is further to the Board's letter to you dated May 5, 2014 requesting verification from the IESO and Hydro One Networks Inc., respectively, that your proposed change in outlet transformer voltage will not impact the System Impact Assessment and Customer Impact Assessment previously filed with the Board.

In your letter dated May 5, 2014, you indicated that the IESO and Hydro One Networks Inc. would not be able to provide the verifications by the requested May 12, 2014 date and that a response would be provided at the earliest possible opportunity.

Please provide an update on the status of the requested verifications.

Yours truly,

Original Signed By

John Pickernell
