Dear Mr. Amicone

**Re: Union Gas Limited
Reduction of Certain Charges Applied to Direct Purchase Customers
Board File No. EB-2014-0154**

The Board received a late intervention request from the AMCO Group ("AMCO") on June 12, 2014. In its intervention request, AMCO also applied for cost eligibility.

The Board will grant AMCO intervenor status as it is directly impacted by the issues being heard in this proceeding. However, the Board has determined that AMCO is not eligible for an award of costs in this proceeding. The Board finds that AMCO, as a for-profit commercial entity representing its own interests in this proceeding, is not eligible for an award of costs under the Board's *Practice Direction on Cost Awards*.

The Board notes that the Ontario Greenhouse Vegetable Growers ("OGVG") is an intervenor in this proceeding. To the extent that AMCOs and OGVGs interests align, the Board encourages AMCO to combine its intervention with OGVG.

Yours truly,
