File No. T1001489

Dear Ms. Walli:

Re: EB-2014-0012 – Union Gas Limited (Union) Hagar Interruptible Natural Gas Liquefaction Service.

Industrial Gas Users Association (IGUA) Request for Intervention.

Further to the Board's Notice of Application herein, we write as legal counsel to IGUA to request intervention on behalf of our client.

Description of IGUA

IGUA is an association of industrial companies located in the Canadian provinces of Manitoba, Ontario and Québec, who use natural gas in their industrial operations. IGUA was first organized in 1973 and it provides a coordinated and effective public policy and regulatory voice for those industrial firms depending on natural gas as a fuel or feedstock. IGUA has become the recognized voice representing the industrial user of natural gas before regulatory boards and governments at both the provincial and national levels.

The Association's activities are guided by a 15 member Board of Directors, constituted to assure that each industrial sector and geographic region is represented. The Board of Directors has regularly scheduled meetings at least six times each year. A full time President and other staff are based in a permanent office in Ottawa.

Through regulatory intervention, government advocacy, marketing, promotion, partnerships, education and outreach, IGUA successfully represents industrial gas users. Our mission is to be the voice of our members within the natural gas industry through intervention, advocacy, and partnerships.

Nature and Scope of IGUA's Intended Participation

IGUA intends to be active in this proceeding, in order to more fully understand Union's proposal for provision of LNG services and the impacts of the proposal on both delivery customers and on the market for LNG services. As the record herein is developed IGUA will determine its position on whether the proposed activities are properly included in regulated cost of service, as proposed by Union, and if so with what safeguards for delivery customers. IGUA intends to provide submissions on this and other issues engaged by the application.

Intention to Seek an Award of Costs

IGUA also hereby requests that it be determined eligible for recovery of its reasonably incurred costs of its intervention herein.

As a party primarily representing the direct interests of industrial consumers (i.e. ratepayers) in relation to regulated services, IGUA has in the past been determined to be eligible for cost awards pursuant to section 3.03(a) of the Board's *Practice Direction on Cost Awards*.

Request for Written Evidence and Contact Information

IGUA requests that copies of written evidence and all circulated correspondence related to this matter be directed to it as follows:
