Dear Mr. Peacock:

**Re: BluEarth Asset Management Inc.
Application for Electricity Generation Licence
Board File Number EB-2014-0200**

The Board has reviewed your application for an electricity generation licence. Your application is currently incomplete and cannot be processed until the following has been filed:

- Please complete Sections 11 to 15 only of the attached application form for an electricity generator licence. These sections will be added to your application.
- Please complete Section 7 and Section 8 of the application form for an electricity generation licence under the Feed-in Tariff Program for each facility in which the applicant has applied to become operator.
- You have applied to become the operator of generation facilities that are currently owned and operated by five licensed electricity generators. With your application, you have also filed three amendment requests for the facilities currently owned and operated by Nodin Kitagan Limited Partnership, Nodin Kitagan 2 Limited Partnership, and Little Creek LP to change the authorization to owner only. The Board has not received an amendment request for SparkleLight LP and GoodLight LP. For SparkleLight LP and GoodLight LP, please provide the Board with a written request to amend those licences so authorization is for ownership only. In your amendment request, please provide details on whether the transfer of the generation assets under the licences issued to SparkleLight LP and GoodLight LP to BluEarth Asset Management Inc. (or an affiliate, associated entity, etc.) has been approved by the Ontario Power Authority.

The Board will resume processing your application once the above information has been filed. If the above information is not filed within 30 days of the date of this letter, the Board may close the file for this application.

Upon receipt of the required information the Board will issue an acknowledgement letter indicating the expected date on which a decision and/or order may be rendered.

Please file **two paper copies** of the additional material and an electronic version in Word and in searchable Adobe Acrobat (if available) with the Board Secretary. Electronic copies may be submitted on CD or by e-mail to boardsec@ontarioenergyboard.ca.

Please direct any questions relating to this application to Vince Mazzone, Advisor at +1 (416) 544-5159 or e-mail, Vince.Mazzone@ontarioenergyboard.ca.

Yours truly,
