Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2013-0321 – OPG 2014-15 Payment Amounts – SEC Cost Claim

We are counsel for the School Energy Coalition. We enclose the interim cost claim of the School Energy Coalition to June 11, 2014, on the Board's form and enclosing docket details.

We note that this claim covers all work done to immediately before the start of the oral hearing, including review of an extensive application, an issues list process, interrogatories, technical conference, prioritization of the issues list, settlement conference including attempts to formulate a settlement agreement, and many motions and other procedural steps. The Application constitutes the largest amount of money requested from ratepayers by any utility in the Board's history.

In an effort to keep the cost of its participation manageable, and to conserve its limited resources, SEC organized its involvement carefully. Mark Garner was brought in to review the nuclear evidence, including Darlington, since he had done this for SEC in the EB-2010-0008 case, and as a result was more knowledgeable than others on those issues. Mark Rubenstein was assigned responsibility for all hydroelectric issues (in

Jay Shepherd Professional Corporation

particular the Niagara Tunnel Project), and for the main bulk of the compensation issues. He also was in charge of all motions and other procedural steps, including day to day liaison between the three people on our team. His three areas are all ones in which the number of hours are relatively high, so we were able to benefit from his lower hourly rate. Jay Shepherd, who has overall responsibility for the intervention, was also responsible for all of the accounting-related issues, such as HIM and SBG, nuclear liabilities, pension and OPEBs, etc. He was also responsible for the overview issues, and took the lead for SEC at ADR.

We believe that this organization has made it possible for us to maximize our contribution to the process, while keeping the cost (and the time commitment) as low as possible.

All of which is respectfully submitted.

Yours very truly,

JAY SHEPHERD P. C.

Jay Shepherd
