**Re: Entegrus Powerlines 2015 IRM Tranche Considerations (EB-2014-0064)**

Dear Ms. Walli,

Entegrus Powerlines Inc. ("Entegrus") serves 16 Ontario communities, with distribution rates segregated into four separate rate zones: (i) Chatham-Kent ("CK"), (ii) Strathroy, Mount Brydges and Parkhill ("SMP"), (iii) Dutton and (iv) Newbury.

For Incentive Rate Mechanism ("IRM") rate application purposes, Entegrus has been traditionally assigned to an earlier deadline tranche. In 2013, Entegrus notified the Board of circumstances that made early submission challenging and was placed in Tranche 3.

For the 2015 IRM application process, Entegrus again respectfully requests consideration for a later tranche due to staff transitioning that will be occurring in late August. Specifically, the Senior Regulatory Specialist is returning from maternity leave at that time and the employee who has been backfilling that role will move to a different position within the organization. It is intended that the returning Senior Regulatory Specialist will play a lead role in preparing the Entegrus 2015 IRM application.

Entegrus notes that only anticipated non-standard elements of the 2015 rate application will be: (i) multiple rate zones, and (ii) LRAM/LRAMVA disposition. In order to allow for organizational transition, Entegrus respectfully requests that it be assigned to the Tranche 4 deadline or later (i.e. Tranche 4 or 5).

If you have any questions or concerns, please do not hesitate to contact me at (519) 352-6300 ext. 558 or via email at: [regulatory@entegrus.com](mailto:regulatory@entegrus.com).

Regards,
