

UNDERTAKING J9.9

Undertaking

With respect to Towers Watson report, to review related material and to produce material relevant and different.

Response

OPG confirms that as discussed on page 139 of EB-2013-0321, Volume 9, there is no material that is relevant or different from that which was provided in the Towers Watson report dated December 2011. The December 2011 report was an accumulation of any work done up until that point.
