Ms. Kirsten Walli  
Board Secretary  
Ontario Energy Board  
2300 Yonge Street, 27<sup>th</sup> Floor  
Toronto, ON M4P 1E4

Dear Ms. Walli:

**Re: Natural Resource Gas  
Franchise Agreement Application – Norfolk County  
Board File No. EB-2014-0207**

Union Gas Limited has become aware that Natural Resource Gas (“NRG”) has submitted an application to the Ontario Energy Board seeking approval of a proposed franchise agreement with Norfolk County.

In its application, NRG indicates that it has an existing franchise agreement with the former Township of Norfolk. NRG also notes that it has a Certificate of Public Convenience and Necessity granting it the right to construct works to supply gas in specific areas within the former Township of Norfolk that are now part of Norfolk County.

To ensure that the record is clear and complete, the Board should note that Union also has a franchise agreement in place with Norfolk County (expiring February 14, 2026 per EB-2005-0506). Union submits that there remains a certain amount of overlap with respect to rights under Certificates of Public Convenience and Necessity issued to Union in 1959 and to NRG in 1981.

On March 17, 1959, the Ontario Fuel Board issued F.B.C. 259 (attached) which granted Union the right to construct works to supply natural gas within all areas of various communities including all of the municipalities that now make up Norfolk County.

At the time F.B.C. 259 was issued, the former County of Norfolk consisted of eight townships (Charlotteville, Houghton, Middleton, North Walsingham, South Walsingham, Townsend, Windham and Woodhouse), all of which are specifically named within F.B.C. 259. Union has been providing natural gas service in these municipalities since the early 1900s. See attached summary of franchise agreements held by Union within Norfolk County.

When the Ontario Energy Board issued Certificate of Public Convenience and Necessity E.B.C. 111 and 119 (attached) on October 15, 1981, the Board granted NRG the right to construct works to supply natural gas within parts of the former Township of Norfolk in parts of the former Townships of Houghton, Middleton, North Walsingham and South Walsingham to which Union had already been granted these same rights. To our knowledge, there have not been any changes made to the FBC 259 Certificate rights that had been granted to Union in 1959 to serve customers within these same townships, including all of the former Townships within which NRG serves customers.

While NRG has not applied for a Certificate of Public Convenience and Necessity related to areas it serves within Norfolk County in this application, Union submits that if NRG's proposed franchise agreement is approved, revised Certificates should be issued to both NRG and Union for Norfolk County to avoid any confusion going forward. Union submits that these Certificates should make specific references to the areas within Norfolk County served by NRG.

Union has attached draft revised Certificates of Public Convenience and Necessity for both Union Gas and NRG and a service area map of Norfolk County for the Board's consideration.

Should you have any questions, please do not hesitate to contact me.

Yours truly,
