**Re: EB-2013-0365 – Union Gas Limited (Union) 2014 Rates Application.**

**Industrial Gas Users Association (IGUA) Argument – Clarification of IGUA's  
Position: Supplementary Clarification.**

---

We write further to our letter filed earlier today, and an intervening discussion had with Union's counsel. As a result of that intervening discussion, we understand that Union's reference at paragraph 20 of its Reply Argument to IGUA's support for Union's position was intended by Union to indicate IGUA's support for the positions set out at paragraphs 27 and 28 of Union's Reply, rather than Union's position in its entirety on the Leamington Line Project contracting.

In respect of the positions set out by Union at those paragraphs 27 and 28 of its Reply, IGUA and Union are in agreement. We appreciate Union's clarification.

Yours truly,

Ian A. Mondrow
