Re: **Plant-E Corp.**
Application for an Electricity Wholesaler Licence -Board File No. EB-2013-0429

Dear Board of Directors,

We apologize for not getting back to you sooner.

Plant-E Corp. is not a load serving entity, nor a retailer. We do not generate electricity. Our activities are limited to external transactions. Plant-E Corp does not have a website, therefore we are unable to post the "Notice of Application and Written Hearing".

Pursuant to our telephone conversations, we understand that this declaration should suffice to complete our application. Our registration with the IESO is pending this issuance of this licence.

Please do not hesitate to communicate with Mylene Charron T: +1 (514) 393-3515 x 226
(Email: mcharron@hrstrategiesinc.com) or myself should you have any questions.

Pierre Plante,

President
