Ottawa ON K1B 4X1

Dear Mr. Ogedengbe,

**Re: Board Decision & Order dated February 6, 2014
EB-2013-0318**

On February 6, 2014, the Ontario Energy Board (the "Board") issued a Decision and Order (the "Order") that revoked Energhx Green Energy Corporation's ("Energhx") electricity retailer licence and gas marketer licence.

The Order required Energhx to file with the Board, the following information:

1. an affidavit proving that it has informed its existing customers that its electricity retailer and gas marketer licences have been revoked; and
2. certification of destruction or return to the Board of its electricity retailer licence ER-2010-0236 and gas marketer licence GM-2010-0237.

In a letter dated March 4, 2014, Energhx stated that an affidavit could be provided when the Principle of Energhx returns to Canada in the summer. Energhx also stated that the licences will be returned to the Board March 5, 2014 by a partner. As of today's date, the Board has no record that the licences have been returned or that a certificate of destruction has been received.

It is now the end of July, and therefore the Board expects that the Principle is available to complete the required affidavit immediately and file it with the Board. At the same, the licences should be returned to the Board or a certificate of destruction completed and filed with the Board. The form for a certificate of destruction can be found on the Board's website under Practice Directions at the following link:
