Re: Rainbow Energy Marketing Corporation, EW-2009-0115
Requests for Interim Electricity Wholesaler License and for Expedited Action

Dear Secretary:

Rainbow Energy Marketing Corporation ("REMC") respectfully requests that the Ontario Energy Board ("Board") issue to REMC an interim Electricity Wholesaler License. REMC's existing Electricity Wholesaler License, EW-2009-0115, inadvertently expired on July 16, 2014. REMC did not receive the Board's renewal notice and, due to administrative oversight, did not become aware that its license had expired until late afternoon on Friday, July 25, 2014. Upon discovering the lapse, REMC took immediate steps to rectify the situation. REMC contacted the Board and is in the process of preparing a renewal Application for an Electricity Wholesaler License, which REMC will submit to the Board as soon as possible. To enable REMC to continue to transact business in the Ontario electricity markets while its renewal application is being processed, REMC respectfully requests that the Board issue an interim Electricity Wholesaler License to be effective as of July 17, 2014, or as soon thereafter as possible. REMC also respectfully requests that the Board act on these requests as soon as possible.

If you have any questions regarding this request, please contact the undersigned at (202) 969-4211, or steve.weiler@stinsonleonard.com or, alternatively, Marcia Stanford at (202) 969-4204, marcia.stanford@stinsonleonard.com.

Respectfully submitted,
