File No. T1001493

Dear Ms. Walli:

Re: EB-2014-0195 – Enbridge Gas Distribution Inc. (EGD) 2013 Deferral and Variance Account Clearance Application.

Industrial Gas Users Association (IGUA) Request for Intervention.

Further to the Board's Notice of Application herein, we write as legal counsel to IGUA to request intervention on behalf of our client.

Description of IGUA

IGUA is an association of industrial companies located in the Canadian provinces of Manitoba, Ontario and Québec, who use natural gas in their industrial operations. IGUA was first organized in 1973 and it provides a coordinated and effective public policy and regulatory voice for those industrial firms depending on natural gas as a fuel or feedstock. IGUA has become the recognized voice representing the industrial user of natural gas before regulatory boards and governments at both the provincial and national levels.

The Association's activities are guided by a 15 member Board of Directors, constituted to assure that each industrial sector and geographic region is represented. The Board of Directors has regularly scheduled meetings at least six times each year. A full time President and other staff are based in a permanent office in Ottawa.

Through regulatory intervention, government advocacy, marketing, promotion, partnerships, education and outreach, IGUA successfully represents industrial gas users. Our mission is to be the voice of our members within the natural gas industry through intervention, advocacy, and partnerships.

Nature and Scope of IGUA's Intended Participation

As representative of EGD's large volume industrial customers IGUA intends to continue to actively participate in gas distribution rate related proceedings. IGUA was an active participant in EGD's 2013 rate proceeding, and seeks to continue its participation in these matters through intervention in this application to dispose of 2013 deferrals.

IGUA will review EGD's evidence and will then be able to determine with more particularity its position on EGD's proposed dispositions, insofar as they impact EGD's large volume customers. IGUA anticipates being generally active as this proceeding progresses.

Intention to Seek an Award of Costs

IGUA also hereby requests that it be determined eligible for recovery of its reasonably incurred costs of its intervention herein.

As a party primarily representing the direct interests of industrial consumers (i.e. ratepayers) in relation to regulated services, IGUA has in the past been determined to be eligible for cost awards pursuant to section 3.03(a) of the Board's *Practice Direction on Cost Awards*.

Request for Written Evidence and Contact Information

IGUA requests that copies of written evidence and all circulated correspondence related to this matter be directed to it as follows:

Ian Mondrow, Partner
GOWLING LAFLEUR HENDERSON LLP
