RE: EB-2014-0195 ENBRIDGE GAS DISTRIBUTION - DEFERRAL DISPOSITIONS

REQUEST & SUPPORT

I am writing on behalf of the Federation of Rental-housing Providers of Ontario (FRPO) in regard to the Notice of Application . The Application requests approval of the Leave to Construct for the GTA Project under Sections 90 and 91 of the Ontario Energy Board Act, 1998. The project and associated rate impacts have effect on the members of the FRPO.

FRPO is Ontario's leading advocate for quality rental housing, representing over 800 private owners and managers who supply over 300,000 rental suites across the province. Our members strongly believe that the rental-housing sector is best served by a competitive marketplace that offers choice and affordability in the provision of energy services. As a not-for-profit organization, FRPO does not have other funding sources to ensure experienced representation to participate in and assist the Board in these regulatory proceedings. FRPO has previously assisted the Board in other matters and has been awarded costs by the Board. Therefore FRPO would respectfully request a determination of eligibility for cost award in this proceeding.

FRPO understands that additional filing requirements for posting on the Board's website are expected and are meeting this week to prepare these requirements.

ISSUES & INVOLVEMENT

Without evidence , we cannot provide specifics on issues of concern. As the application is for the disposition of deferral accounts in a re-basing year, the issues will be narrowed by the lack of earnings sharing mechanism in the period. However, we expect that on-going issues such as gas supply and Rate 1/ Rate 6 allocations, will be of concern. FRPO will collaborate with intervenors of similar interest and act in a responsible manner consistent the Board's Practice Directions.

REPRESENTATION

If the intervention requested is granted, then FRPO asks that further communications with respect to this matter be sent to the following:
