Dear Ms. Walli:

**Re: Hydro One Networks
2015-2019 Distribution Custom Rate Application (EB-2013-0416)**

As you are aware, we are counsel to Hydro One Networks Inc. in the above-referenced application.

Energy Probe Research Foundation has made submissions concerning Hydro One's claim for confidentiality in its letter of July 29, 2014, pursuant to Procedural Order No. 4. Procedural Order No. 4 requires a response from Hydro One by August 1, 2014.

The School Energy Coalition (SEC) has also brought a motion requiring Hydro One to provide further information in response to interrogatories. Presumably this application would be governed by the Board's *Rules of Practice*. SEC requests that this motion be dealt with in writing. We presume the Board will provide direction for the disposition of this motion pursuant to Rule 8.03.

As there is some similarity in the requests of SEC and Energy Probe, Hydro One respectfully requests that the response to both motions be provided at the same in writing.

Accordingly, Hydro One respectfully requests that it be given until Tuesday, August 12, 2014, to respond to both applications in writing.

Thank you for your consideration.

Yours very truly,

D. H. Rogers
