

EB-2014-0214

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, Schedule B;

AND IN THE MATTER OF an application by Wyse Meter Solutions Inc. for a Unit Sub-Metering Licence.

By delegation, before: Viive Sawler

INTERIM DECISION AND ORDER
August 12, 2014

The Ontario Energy Board received a complete application to renew Unit Sub-Metering Licence ES-2009-0134 from Wyse Meter Solutions Inc. on July 4, 2014. The Board assigned the application file number EB-2014-0214.

The licence was issued to the applicant on August 13, 2009 and expires on August 12, 2014. The licence provides that the term may be extended by the Board.

As the applicant wishes to continue to provide unit sub-metering services in Ontario the term of licence ES-2009-0134 needs to be extended until the Board makes a final decision with respect to the renewal application.

Considering the time required to process an application in accordance with the Board's established practice and procedures, and considering the applicant's need for a licence to continue its unit sub-metering activities, I find that it is in the public interest to make an order granting an interim licence pending the final disposition of the renewal application.

The applicant is reminded that this is an interim decision, and does not mean that the Board will renew the licence after considering the application.

IT IS THEREFORE ORDERED THAT:

Wyse Meter Solutions Inc. is granted an interim unit sub-metering licence until November 11, 2014 or until the renewal application is determined, whichever is earlier.

DATED at Toronto, August 12, 2014
