Learn More.

wpd Fairview Wind Incorporated plans to own and operate a wind farm located in Clearview Township. To convey the electricity from the wind farm to the provincial electricity grid, wpd Fairview Wind Incorporated says it will construct and operate certain distribution facilities, including 2.5 km of distribution line which it proposes to locate within certain road allowances owned by Clearview Township. Because wpd Fairview Wind Incorporated and Clearview Township have not been able to reach agreement regarding the location of the distribution line, wpd Fairview Wind Incorporated is asking that the Ontario Energy Board determine the location of the line within the municipal road allowances.

A map showing the potentially affected road allowances is appended to this Notice.
