UNIFORM TRANSMISSION RATES

NOTICE OF INTERVENTION

OF THE

VULNERABLE ENERGY CONSUMERS COALITION

To: Ms. Kirsten Walli
Board Secretary

And to: Mr. Duane Fecteau, VP Operations, GLPT

IDENTITY OF THE INTERVENOR AND ITS MEMBERSHIP

1. The Vulnerable Energy Consumers Coalition (VECC) hereby expresses its intention to intervene and participate in the above-mentioned proceeding. VECC consists of the following organizations:
 - (a) The Federation of Metro Tenants Association (FTMA)
 - (b) The Ontario Coalition of Senior Citizens' Organizations (OCSCO)

2. The Federation of the Metro Tenants Association (the “FTMA”) is a non-profit corporation composed of over ninety-two affiliated tenants associations, individual tenants, housing organizations, and members of non-profit housing co-ops. In addition to encouraging the organization of tenants and the promotion of decent and affordable housing, the Federation provides general information, advice, and assistance to tenants. The address is:

500-27 Carlton Street
Toronto, ON
M5B 1L2

3. The Ontario Coalition of Senior Citizens’ Organizations (“OCSCO”) is a coalition of over 160 senior groups as well as individual members across Ontario. OCSCO represents the concerns of over 500,000 senior citizens through its group and individual members. OCSCO’s mission is to improve the quality of life for Ontario’s seniors. OCSCO’s address is:

333 Wilson Avenue, Suite 406
Toronto, ON
M3H 1T2

4. The coalition of the FMTA and OCSCO under the name VECC has the specific mandate of intervening in proceedings to advocate on behalf of the interests of Ontario’s vulnerable consumers with respect to energy issues, primarily through intervention in regulatory proceedings at the Ontario Energy Board.
5. Although the organization is not itself a member of VECC, the Public Interest Advocacy Centre (PIAC) in Ottawa assists in the representation of

the interests of vulnerable consumers by ensuring the availability of competent representation and consultant support to the VECC participation.

6. The name and address of the agent authorized to receive documents on behalf of VECC is:

and to

8. In order to mitigate costs VECC requests only electronic copies of the materials. VECC may request paper copies of some or all of the materials should this become necessary. VECC requests electronic copies of the application and any additional supporting materials be sent to Mr. Janigan, Mr. Garner and Mr. Harper at their respective e-mail addresses.

GROUNDINGS FOR THE INTERVENTION

9. The Applicant is seeking to increase the rates to customers represented by, or of similar interests, to those represented by VECC and by the associations affiliated with VECC. VECC is especially concerned with the ability of low income consumers to meet energy costs which on an annual basis continually exceed the rate of inflation.

INTERESTS OF THE INTEVENOR

10. VECC notes that Great Lakes Power Transmission Inc. (GLPT) is seeking approval of a two year revenue requirement. The approval of the revenue requirement will adjust the province-wide Uniform Transmission Rates. While the proposal has only a very small impact on the Network Rate this is because the revenue requirement increase being sought is spread over a large number of transmission customers. The Applicant's proposes to increase operating and maintenance expenses by 10% by 2016. This increase is well in excess of expected inflation for the period.
11. VECC intends to review all aspects of the applications including the reasonableness of capital programs, operating and maintenance costs,

reliability standards, charge determinant forecast and deferral and variance account dispositions.

12. VECC has previously been approved as an intervenor in numerous proceedings related to Horizon, including its last rate application EB-2012-0300.
13. VECC is intervening in order to ensure that consumer interests and in particular the interests of the low-income and vulnerable users of electricity are fully represented in the determination of just and reasonable transmission rates for 2015 and 2016.

INTENTION TO SEEK COST AWARDS

14. VECC will be requesting an award of costs for its participation in this proceeding and believes that, as a coalition representing the direct interests of consumers, it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure (Section 41) and its' Practice Direction on Cost Awards (Section 3.03).
15. VECC's members do not have access to the direct funding required to retain appropriate legal and consulting support for its intervention in OEB proceedings. Accordingly VECC relies on PIAC to provide legal support and retain qualified consultants on the basis that PIAC can recover the related fees and disbursements from the Board based on the Board's Practice Direction on Cost Awards at the prevailing Cost Award Tariff.
