On August 19th, 2014, the Ontario Energy Board (the “Board”) held a Technical Conference for Horizon Utilities Corporation’s (“Horizon Utilities”) 2015 Custom Incentive Rate Application. In the Technical Conference, Horizon Utilities agreed to provide responses to undertakings, TCJ1.1 through TCJ1.14.

Attached herewith, Horizon Utilities provides its complete responses to those undertakings. Please note that the attachments to Undertaking TCJ1.1. are being filed in confidence with the Board and provided to any party that has signed the Board’s Declaration and Undertaking on Confidentiality. Hard copies of that material will be provided accordingly.

Horizon Utilities has reviewed the Technical Conference transcript and has attached a track changes version with minor corrections included as identified below:

- Undertakings: Undertaking NO. TCJ1.4 revised to refer to EP-71-TC (rather than SEC-71-TC)
- Page 29 (Line 3): The speaker identified as Ms. Parker should be corrected to identify Mr. Basilio as the speaker
