Dear Mr. Wynia:

**Re: Request for Extension of Time to Intervene
Application by wpd Fairview to the Ontario Energy Board to determine the
location of electricity distribution facilities within road allowances owned by
Clearview Township
Board File Number EB-2014-0226**

The Ontario Energy Board has received your email request for an extension to the intervention date in the subject proceeding. The letter states that more time is needed to allow for the next Clearview Township Council meeting so that appropriate direction with respect to participation in the hearing can be established with Council.

Should Clearview Township Council determine that it will file an intervention request in this case; such request may be made after the September 2, 2014 filing deadline. Please note, however, that any approval of such intervention request will be made on the basis that Clearview Township accepts the record of the proceeding as it then stands, including any steps that may have taken place during the intervening period.

Yours truly,
