**Re: Enbridge Gas Distribution Inc. ("Enbridge")
EB-2011-0270 – Regional Municipality of York – Ninth Line Replacement Project
Conditions of Approval – Interim Monitoring Report**

In Section 3.1 of the Conditions of Approval of the Ontario Energy Board's ("Board") Decision dated October 11, 2011, the Order requires Enbridge to file an interim monitoring report within six months of the in-service date of the project which would make the report due to the Board by January 30, 2015. As it will be difficult to conduct a proper assessment during winter and verify that there are no outstanding issues related to the project, Enbridge is requesting an extension to the filing date for the interim monitoring report until May 2015.

If you have any questions, please contact the undersigned.

Yours truly,

(Original Signed)
