ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF NATURAL RESOURCE GAS LIMITED

Natural Resource Gas Limited has applied to set its gas distribution rates for two additional years commencing October 1, 2014 using the formula that was approved by the Board in 2011 and ending September 30, 2014.

Learn more. Have your say.

Natural Resource Gas Limited has applied to the Ontario Energy Board to:

- continue to use the formula approved in its last full rate review to adjust distribution rates for a further two years commencing October 1, 2014;
- request a new account to record the costs to implement a new energy conservation program commencing January 1, 2015; and
- require Integrated Grain Processors Co-operative Inc., its largest customer, to provide certain financial information.

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Natural Resource Gas' requests. Natural Resource Gas is currently under a multi-year ratemaking framework that adjusts rates using a set formula. We will question the company on its case for continuation of its ratemaking mechanism for another two years and its other requests. We will also hear arguments from individuals and from groups that represent Natural Resource Gas customers. At the end of this hearing, the OEB will decide whether to accept or reject some or all of Natural Resource Gas' requests.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

BE INFORMED AND HAVE YOUR SAY

You have the right to information regarding this application and to be involved in the process. You can:

- review Natural Resource Gas' application on the OEB's website now.
- file a letter with your comments, which will be considered during the hearing.
- become an active participant (called an intervenor). Apply by **[insert actual date 10 calendar days from publication]** or the hearing will go ahead without you and you will not receive any further notice of the proceeding.
- at the end of the process, review the OEB's decision and its reasons on our website.

LEARN MORE

Our file number for this case is **EB-2014-0274**. To learn more about this hearing, find instructions on how to file letters or become an intervenor, or to access any document related to this case please go to the OEB website at: www.ontarioenergyboard.ca/notice and select this case (Natural Resource Gas Limited EB-2014-0274) from the list. You can also phone our Consumer Relations Centre at 1-877-632-2727 with any questions.

ORAL VS. WRITTEN HEARINGS

There are two types of OEB hearings – oral and written. Natural Resource Gas has requested a written hearing. The OEB is considering this request. If you think an oral hearing is needed, you can write to the OEB to explain why.

PRIVACY

If you write a letter of comment, your name and the content of your letter or any documents you file with the OEB will be put on the public record and the OEB website. However, your personal telephone number, home address and email address will be removed. If you are a business, all your information will remain public. If you apply to become an intervenor, all information will be public.

This rate hearing will be held under section 36 of the Ontario Energy Board Act, S.O. 1998 c.15 (Schedule B).

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B) (as amended) (the "OEB Act");

AND IN THE MATTER OF an application by Natural Resource Gas Limited for an Order or Orders pursuant to section 36 of the OEB Act approving or fixing just and reasonable rates and other charges for the sale, transmission and distribution of natural gas as of October 1, 2014.

APPLICATION

1. Natural Resource Gas Limited ("NRG"), an Ontario corporation, carries on the business of distributing and selling natural gas in southern Ontario.
2. NRG hereby applies to the Ontario Energy Board (the "Board") for an Order or Orders made pursuant to section 36 of the OEB Act approving or fixing just and reasonable rates and other charges for the distribution and sale of natural gas for a period of two years, commencing October 1, 2014.
3. For the purpose of subsection 36(3) of the OEB Act, NRG seeks the Board's approval of:
 - (a) distribution rates based on a continuation of NRG's current Incentive Regulation ("IR") Plan for NRG's next two fiscal years from October 1, 2014 through September 30, 2016 (the "2015 Fiscal Year" and "2016 Fiscal Year");
 - (b) NRG's existing transportation rate (for use of NRG's distribution system by producers selling gas to Union Gas Limited) of \$0.95 per mcf and an

1 administrative charge of \$250 per month for every month a producer uses the
2 NRG distribution system;

3 (c) NRG's Rules and Regulations and its Schedule of Service Charges in the form as
4 approved in EB-2010-0018;

5 (d) a deferral account to record costs associated with NRG implementing a new DSM
6 program commencing January 1, 2015;

7 (e) a requirement that Integrated Grain Processor Co-operative Inc./IGPC Ethanol
8 Inc. ("IGPC") provide NRG with: (i) updated financial statements; (ii)
9 information as to the status and likely renewal of IGPC's operating grants; (iii)
10 information about IGPC's business plans if the operating grants are not extended
11 or renewed beyond 2016; (iv) information about IGPC's natural gas requirements
12 (volume and term) upon expiration of the current Gas Delivery Contract in April
13 2015; and (v) updated security for undepreciated capital costs beyond November
14 2015;

15 (f) NRG's current rates on an interim basis as of October 1, 2014; and,

16 (g) such further and other relief as NRG may request and the Board may grant.

17 4. NRG further applies to the Board, pursuant to the provisions of the OEB Act and the
18 Board's *Rules of Practice and Procedure*, for such final, interim or other Orders and
19 directions as may be appropriate in relation to the Application and the proper conduct of
20 this proceeding.

1 5. This Application will be supported by written, and if necessary, oral evidence. The
2 written evidence will be pre-filed (and may be amended from time to time as
3 circumstances may require).

4 6. NRG requests that this proceeding be disposed of by way of a written hearing.

5 7. The persons affected by this Application are the present and future customers of NRG. It
6 is impractical to set out in this Application the names and addresses of such parties
7 because they are too numerous.

8 8. NRG requests that a copy of every document filed with the Board in this proceeding be
