

EB-2014-0022

IN THE MATTER OF the *Ontario Energy Board Act, 1998*,
S. O. 1998, c.15, Schedule B;

AND IN THE MATTER OF an application by Suncor Energy
Products Inc. for an Order granting leave to construct a new
transmission line and associated facilities.

PROCEDURAL ORDER NO.7

October 2, 2014

Suncor Energy Products Inc., ("Suncor") filed an application (the "Application") with the Ontario Energy Board (the "Board"), dated January 21, 2014 under sections 92, 96(2), 97 and 101 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B. Suncor has applied for an order of the Board for leave to construct approximately 15 kilometres of 115 kilovolt electricity transmission line and associated facilities (the "Transmission Facilities") to connect Suncor's Cedar Point II Wind Energy Project to the IESO-controlled grid. Suncor is also seeking an order approving the forms of agreements with landowners and an order approving the construction of certain transmission facilities upon, under or over a highway, utility line or ditch.

Procedural Matters

In accordance with Procedural Order No. 5, Suncor and other parties filed with the Board argument-in-chief and final submissions, respectively. Hydro One Networks Inc. ("Hydro One"), filed a submission that gave rise to further inquiries from the Board. In particular, Hydro One asserted that the proposed Transmission Facilities would result in incremental distribution work and costs, and that the company needed certainty in the form of a signed agreement with Suncor in order to ensure that it would not incur these incidental costs.

The Board made provisions in Procedural Order No. 6 for Hydro One to file evidence related to the alleged incremental distribution work and associated costs. The Board also made provision for the submission of interrogatories and responses. Board staff filed interrogatories and Hydro One filed responses.

The Board is of the view that, Suncor should have the opportunity to supplement its argument-in-chief and that Board staff and other parties should have an opportunity to file any further submissions they have on the subject matter raised by Hydro One prior to Suncor making its final reply.

The Board considers it necessary to make provision for the following matters related to this proceeding.
