Toronto ON, M4P 1E4

**Re: EB-2014-0289 – 2014 Natural Gas Market Review**

Dear Ms. Walli,

Please be advised that the Canadian Propane Association requests the opportunity to participate in the Ontario Energy Board (OEB) *Natural Gas Market Review 2014* consultation and stakeholder conference.

We apologize for the lateness of this notice of our intent to participate, for which the closing date was September 30, 2014. We do not believe that our addition to the list of participants will be prejudicial to any other parties involved and trust that the OEB will allow us this small extension.

The Canadian Propane Association is the national voice of the Canadian propane industry, a multi-billion dollar industry that impacts the livelihood of tens of thousands of hard-working Canadians. In Ontario, propane usage is at its highest in off-grid and rural areas, and the future of our industry is closely tied to the future of natural gas usage. Thus, we have a strong interest in this review.

Please feel free to contact me at 416.903.8518 or [petermaddox@propane.ca](mailto:petermaddox@propane.ca) at any time to discuss our participation in the review.

Yours Sincerely,

Peter Maddox  
*Regional Manager, Ontario*
