# Ontario Energy Board COST CLAIM FOR HEARINGS

## Affidavit and Summary of Fees and Disbursements

This form should be used by a party to a hearing before the Board to identify the fees and disbursements that form the party's cost claim. Paper and electronic copies of this form and itemized receipts must be filed with the Board and served on one or more other parties as directed by the Board in the applicable Board order. Please ensure all required fields are filled in and the Affidavit portion is signed and sworn or affirmed.

### Instructions

- Required data input is indicated by yellow-shaded fields. Formulas are present in the document to assist with the calculation of the cost claim.
- All claims must be in Canadian dollars. If applicable, state exchange rate and country of initial currency.  

Rate: 330.00 Country: Canada
- A separate "Detail of Fees and Disbursements Being Claimed" (comprising a "Statement of Fees Being Claimed" and a "Statement of Disbursements Being Claimed") is required for each consultant or lawyer/articling student/paralegal. However, only one "Summary of Fees and Disbursements" covering the whole of the party's cost claim should be provided.
- The cost claim must be supported by a completed Affidavit signed by a representative of the party.
- A CV for each consultant must be attached unless, for a given consultant, a CV has been provided to the Board in another process within the last 24 months.
- Except as provided in section 7.03 of the Practice Direction on Cost Awards, itemized receipts must be provided.

## ASSOCIATE, NATURAL GAS

John Wolnik is an Associate of Elenchus Research Associates Inc., and President of GSA Energy Company. He has 40 years of experience in many sectors of the natural gas and power industries working both as an independent consultant and in senior management roles for Union Gas and Westcoast Energy.

As a consultant, he has provided services for a number of companies in the areas of:

- Regulatory support for utility rate, facility and other regulatory applications before provincial and federal regulators
- Project development support for natural gas pipelines
- Development of procurement strategies for new customers requiring natural gas, distribution, transmission and storage services
- Commercial and regulatory advice on natural gas supply, transmission, storage and distribution related matters.

As Director of Business Development for Westcoast Energy with responsibility for underground gas storage and gas pipeline project evaluation and development, he acted as project manager on numerous pipeline and underground gas storage projects. John has business development experience in Canada and the US as well as international experience. Responsible for acquiring all of the Union Gas' system gas supply, John developed a strong foundation of knowledge in gas supply and transportation matters within Canada and the US. He was also instrumental in restructuring Union Gas' supply portfolio and transitioning to the market based environment upon deregulation of the industry. He is experienced in utility field operations, and engineering.

John has a Master's Degree in Business Administration and a degree in Civil Engineering both from McMaster University In Hamilton.

## PROFESSIONAL OVERVIEW

### Consulting Focus

Natural gas regulatory and commercial matters in transmission and distribution sectors of all the natural gas industry including pipeline and storage assessment and development

## Consulting

2004 - Present

Examples of recent assignments include:

- Actively participated for the client since 2006, in most major Ontario LDC natural gas rate, facility, and other applications in front of the Provincial regulator, including assessing customer impact, developing case strategy, cross examination and final argument
- Provided technical support for client to assess the impact and alternative rate strategies for TCPL rate case applications in front of the National Energy Board
- Effectively participated, including leading and supporting evidence in a variety of Ontario Energy Board sponsored initiatives on behalf of customers including:
  - Storage & Transportation Access Rule
  - Service Process Improvements
  - Storage Allocation Proceeding
  - Natural Gas Electricity Interface Review
  - Natural Gas Forum
- Provided support for several large volume customers to confirm the utility proposed pipeline sizing and development plan as well as assessed the potential for capital cost overrun risk
- Provided supported for a large volume industrial customer to negotiate commercial agreements with the natural gas utility to develop a new 60 km pipeline required to serve the customer with gas service. This included technical review of the proposed pipelines and the proposed cost estimate, as well support for the regulatory strategy and assistance to audit the costs after construction was complete
- Developed a direct purchase seminar for an LDC that was transitioning to an open market
- Actively participated in TransCanada Tolls Task force to evaluate rate and service proposals
- Advised gas fired generators on development and operating strategies including load balancing requirements
- Acted as an expert witness for litigation support
- Developed a commercial value for the acquisition of over 200 bcf of underground natural gas storage in Western Canada and the United States
- Assessed the expansion criteria for pipelines nearing capacity
- Assessed commercial feasibility of new underground storage projects
- Developed natural gas supply, transportation and storage strategies, and risk analysis for new gas fired generators and industrial customers

- Provided site evaluation and permitting support for new generators
- Provided marketing and strategic support for new pipeline and underground storage development
- Evaluated markets and strategic value of storage for European client
- Provided support for landfill gas company to sell and transport processed landfill gas into Canadian marketplace

#### **Union Gas**

**2003**

- Functioned as marketing lead on a team to dispose of specific major capital assets
- Provided strategic regulatory support in the area of upstream transportation issues
- Provided marketing support for development of new products and services

#### **Westcoast Energy**

**1999 - 2002**

##### **Director, Business Development**

- Project Managed Westcoast's involvement in the development and construction of two major natural gas pipeline projects. Specific responsibilities included:
  - Project origination and commercial feasibility
  - Negotiation of all ownership and major development agreements
  - Company representative on partnership management committees
  - Responsible for the leadership of a team for the evaluation of a \$175 million new pipeline project, including engineering design, marketing, regulatory approvals land acquisition, and environmental considerations
- Assessed commercial and technical feasibility to develop underground compressed air energy storage
- Functioned as the commercial and technical lead on feasibility analysis of two new underground natural gas storage opportunities in Canada. Each project had an expected development cost of CDN \$100-150 million.
- Led a technical and commercial team to identify feasibility of a storage opportunity in North Western Europe.
- Facilitated stakeholder and First Nations consultations

#### **St. Clair Pipelines (Westcoast)**

**1993 - 1998**

##### **Manager, Storage Business Development**

- Identified and managed the evaluation of potential storage projects in Michigan and New York States as well as other storage projects that supported Westcoast initiatives including projects in the Pacific Northwest area of the US, Alberta and the East Coast of Canada.

- Leadership of a multi-disciplinary team consisting of internal personnel and outside consultants to competitively bid and subsequently evaluate the conversion of four gas fields to underground storage in Australia. This included a full technical and commercial review, and development recommendations. These fields were developed and are currently in operation today based on the work completed.
- Managed the company's interests in a New York State based storage project and also recommended that the company exit the project when the development risks exceeded the corporate risk appetite.

**Union Gas**

**1991 - 1993**

**Manager, Storage Business Developments**

- Led a team in evaluating commercial and technical aspects of new storage opportunities in Michigan and New York States, including developing "go/no-go" criteria, ownership structures and potential partners.

**Union Gas**

**1987 - 1991**

**Manager, Gas Purchasing**

- Negotiated new and re-negotiated pricing and volume terms in existing gas supply and transportation contracts for up to 250 bcf annually (annual value over \$500 million), resulting in reduced gas supply costs each year and defended the results before the Ontario Energy Board.
- Managed a commercial arbitration with one supplier resulting in a cost reduction of approximately \$6 million annually.
- Instituted a new program to acquire competitive alternate supplies in an era when this had not been accomplished before.

**Union Gas**

**1984 - 1987**

**Manager, Engineering Project Analysis**

- Project managed Union's interest in a large growth phase for expansion of storage and transportation activities
- Identified the potential, and managed the opening of a mothballed interconnect with a US pipeline. This resulted in significant new competitive opportunities and continued savings of gas supply costs.
- Developed the first Ontario based deregulated gas sales into the US.

**Union Gas  
Operation Management Roles Manager**

**1976 - 1984**

- Held various management positions in Chatham, Hamilton and Halton Divisions
- Managed operating group of approximately 75 employees, including unionized staff.
- Managed pipeline, engineering and construction program.
- Successfully managed a new operating division for the company in Halton to create regionalized customer service and plant maintenance functions.

**Union Gas  
Engineering Roles**

**1974 - 1976**

- Various design responsibilities

**ACADEMIC ACHIEVEMENTS**

May 1984            Masters of Business Administration, McMaster University, Hamilton
