## LETTER OF COMMENT

### Comments:

It is extremely difficult to keep up with the rate of inflation for the average home owner, with no increases being made to wages/incomes. People are having to lose their homes due to the forever increasing costs of Union Gas, Hydro and so on. Folks cant keep this up without something having to give such as: feeding the family or putting fuel in their vehicle in order to make it to work. Please reconsider your proposed increases, so that people can actually afford to live and be able to keep up, without losing their homes at the same time.

Thank you.

Regards,  
Daryl
