Dear Mr. Engel:

**Re: Service of Notice of Application  
Application by Suncor Energy Products Inc. ("Suncor")  
Board File Number EB-2014-0295**

On September 29, 2014 the Ontario Energy Board (the "Board") issued a Notice of Application (Notice) in the above matter and a Letter of Direction ("Original Letter of Direction" ) setting out the Board's requirements for the publication and service of the Notice.

In a letter dated October 22, 2014, you informed the Board that due to an administrative error Suncor had missed serving certain individuals and you sought further direction from the Board. I have considered the matter and I am providing Suncor with a Revised Notice and Letter of Direction and direct Suncor to serve the Revised Notice on those that were not served with the original Notice. However, please note that section 3(e) of the Letter of Direction requires, in part, that Suncor serve "...any other person that would be directly affected by the location of the distribution facilities within the road allowance(s)". Suncor should be mindful of these directions when determining the scope of service required in this matter.

Yours truly,
