File No. T1001490

Dear Ms. Walli:

Re: EB-2014-0323 – Enbridge Gas Distribution Inc. (EGD) Dawn Access Application and Settlement Agreement.

Industrial Gas Users Association (IGUA) Request for Intervention.

Further to the Board's Notice of Application herein, we write as legal counsel to IGUA to request intervention on behalf of our client.

Description of IGUA

IGUA is an association of industrial companies located in the Canadian provinces of Manitoba, Ontario and Québec, who use natural gas in their industrial operations. IGUA was first organized in 1973 and it provides a coordinated and effective public policy and regulatory voice for those industrial firms depending on natural gas as a fuel or feedstock. IGUA has become the recognized voice representing the industrial user of natural gas before regulatory boards and governments at both the provincial and national levels.

The Association's activities are guided by a 15 member Board of Directors, constituted to assure that each industrial sector and geographic region is represented. The Board of Directors has regularly scheduled meetings at least six times each year. A full time President and other staff are based in a permanent office in Ottawa.

Through regulatory intervention, government advocacy, marketing, promotion, partnerships, education and outreach, IGUA successfully represents industrial gas users. Our mission is to be the voice of our members within the natural gas industry through intervention, advocacy, and partnerships.

Nature and Scope of IGUA's Intended Participation

As representative of EGD's large volume industrial customers IGUA seeks to participate in gas related proceedings that materially impact its constituent base. The Dawn Transportation Service being proposed by EGD in this proceeding is a service that will materially impact IGUA's constituents.

IGUA was a member of a working group consisting of EGD representatives, a Board Staff representative, and a variety of representatives from the stakeholder community. The product of the working group meetings was the Settlement Agreement for which EGD is seeking Board approval in this proceeding.

IGUA seeks to intervene and support EGD's Application and Settlement Agreement.

Intention to Seek an Award of Costs

IGUA also hereby requests that it be determined eligible for recovery of its reasonably incurred costs of its intervention herein.

As a party primarily representing the direct interests of industrial consumers (i.e. ratepayers) in relation to regulated services, IGUA has in the past been determined to be eligible for cost awards pursuant to section 3.03(a) of the Board's *Practice Direction on Cost Awards*.

Request for Copies of Filings and Contact Information

IGUA requests that copies of all filings and all circulated correspondence related to this matter be directed to it as follows:
