Dear Ms. Walli:

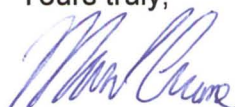

Re: EB-2014-0323 – Enbridge Gas Distribution Inc. (EGD) Dawn Access Application and Settlement Agreement.

Industrial Gas Users Association (IGUA) Comment on Hearing Procedure.

We write further to our letter dated November 4, 2014, and to respond to the Board's request for interested parties to indicate their intentions regarding discovery and to comment on the process for the hearing of this application.

IGUA does not intend to ask interrogatories, and does not intend to examine witnesses for the applicant. As IGUA is a party to the Dawn Access Settlement, it does not intend to file formal submissions at this time, although it reserves its right to do so. Any submission that IGUA would make would be in support of the Settlement Agreement. Finally, IGUA does not believe that an oral hearing is required.

Yours truly,

Mark Crane
MC/ev
