Dear Ms. Walli:

**Re: Enbridge Gas Distribution Inc. - EB-2014-0195**  
**2013 Deferral and Variance Accounts Application**  
**Comments on Intervenor Cost Claim Submissions**

---

As per the Ontario Energy Board's (the "Board") Decision and Order dated October 23, 2014, Enbridge Gas Distribution Inc. (the "Company") has reviewed the cost claims received from the Building Owners and Managers Association ("BOMA"), the Consumers Council of Canada ("CCC"), Energy Probe, and the Federation of Rental-housing Providers of Ontario ("FRPO").

The Company notes that BOMA's cost claim seems to be out of line with the other cost claims received. BOMA claimed legal counsel costs comparable to the other intervenors, but also includes consultant costs which, based on the supporting time docket, appear to relate to a separate DSM related proceeding and are therefore not appropriately recoverable within this proceeding. The Company has no comments on the remainder of the cost claims.

The Company awaits the recommendations and/or cost awards of the Board with respect to the above mentioned cost claims.

Yours truly,

(Original Signed)
