**Re: Enbridge Gas Distribution Inc. ("Enbridge")**  
**EB-2014-0017 (formerly EB-2012-0438) – Innes Road**  
**Conditions of Approval – Interim and Final Monitoring Reports**

In the Ontario Energy Board's Decision and Order issued on January 23, 2014, the Conditions of Approval require Enbridge to file the Interim Monitoring report six months after the in-service date and the Final Monitoring report and Financial report 15 months after the in-service date. The final in-service date for the Innes Road Pipeline project was September 29, 2014 which requires Enbridge to file the Interim Monitoring report by March 29, 2015 and the Final Monitoring and Financial reports by December 29, 2015.

Due to winter and early spring conditions and in order to conduct a proper assessment of the project area Enbridge is requesting approval to file the Interim Monitoring report by June 2015 and the Final Monitoring report by May 2016. In order to include the final restoration costs Enbridge is also requesting an extension until May 2016 to file the Financial report.

Any future developments will be communicated to the Board.

If you have any questions, please contact the undersigned.

Yours truly,

(Original Signed)

Shari Lynn Spratt
