Dear Mr. Sheppard:

**Re: Late Intervention Request for Union Gas Limited  
Application for Hagar Liquefaction Service  
File # EB-2014-0012**

The Notice for this proceeding required that all requests for intervenor status must be filed by June 27, 2014.

On October 24, 2014, the School Energy Coalition ("SEC") filed a late intervention request. No objection was received from Union Gas Limited. The Board approves SEC as an intervenor in this application. The Board has also determined that SEC is eligible to apply for an award of costs under the Board's *Practice Direction on Cost Awards*.

In granting the intervention request, the Board requires SEC to adhere to the case schedule outlined in the Procedural Orders issued to-date by the Board in this proceeding. The Board also requires SEC to accept the record as it currently stands.

Yours truly,
