Toronto ON M4P 1E4

**RE: EB-2014-0323 ENBRIDGE GAS DISTRIBUTION - DAWN ACCESS SERVICE**

Further to our request for intervention of November 6<sup>th</sup>, the Federation of Rental-housing Providers of Ontario ("FRPO") provides the following additional clarification.

In our view, the Application sets out a process to allow for the market's ability to access competitively priced natural gas at the Dawn Hub. As a participant in the stakeholder consultation and a signatory to the resulting settlement, FRPO supports Enbridge's request to the Board to approve this process on in an expedited fashion to meet potentially impending Open Season requirements. At the same time, we are concerned that this access opportunity is maximized for the Ontario public interest.

As a result, we would respectfully request that the Board provide a compressed schedule for interrogatories and brief submissions to parties. In our view, this would ensure the Board is fully informed regarding not only Dawn access, but also the company's commitments to seeking broader access to supplies that underpin the significant infrastructure investment approved by the Board. At the same time, we do not believe an oral hearing is necessary.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn  
Principal  
DR QUINN & ASSOCIATES LTD.
